OCLC Number: (OCoLC)48418906 Subject: Consumer behavior -- Databases -- Access control -- United States. Excerpt: . . . ide authentication and verification services enabling the seamless and speedy execution of millions of small and mundane transactions every day, such as the purchase of a CD online from Amazon. com or off-line from Tower Records. The insight offered by our witnesses is especially important when considering the fine balance present between the proper and improper collection and use of consumer data. But I ask unanimous consent that all members be permitted to include their statements into the record. Mr. Stearns. By...
