

The Rocky Journey of Modern Medicine (Hardback)

Filesize: 7.98 MB

Reviews

Complete information for publication fans. Better then never, though i am quite late in start reading this one. Its been written in an extremely straightforward way in fact it is just soon after i finished reading this ebook in which basically altered me, change the way i believe.

Tate Publishing Enterprises, United States, 2014. Hardback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Throughout the world, recent interest in healthcare issues has highlighted flaws in the costs of medical care and its unavailability to the underprivileged. As in the case of the moon, medicine, long-known as the noblest profession, also has its dark side. With increasing frequency, the altruism long-instilled in the psyche of its practitioners is being replaced with overpowering interest in financial profit, to the point where, to many physicians, medicine s raison d etre is the same as the one of the business community. As a result of that erosion, professionalism and ethical conduct have been compromised, and abuse of diagnostic and therapeutic technologies rampantly practiced. Of overriding importance is the increased relegation of territory and essential responsibilities to the powerful industrial sector. The situation may have reached a critical level, calling for prompt, positive action.
