

## Discovering Possibility

---

By Kevin J. Kervick

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 216 pages. Dimensions: 8.4in. x 5.4in. x 0.7in. Common Sense Conservatism is Americas new centrism. Readers will find something refreshing in this timely book, in which the author, a marriage and family therapist, teacher, and community-builder, draws from a rich sociological perspective to outline an optimistic roadmap for restoring America from the ground up. The author promotes the humanistic classical liberalism of the enlightenment as a common sense alternative to the top down government or religious answers that have dominated most so-called progressive reform initiatives in the 20th Century. He draws from libertarian psychology and communitarianism to outline a thoughtful explication of what needs to be deconstructed so that America can rediscover what made her exceptional. Discovering Possibility is novel, bold, and inspirational at a time when many are seeking independent solutions. Discovering Possibility offers a compelling way forward for all Americans who are using their vast energies to rediscover and restore America. This item ships from La Vergne, TN. Paperback.
