Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Boy s Nelson The career of the little one-eyed, one-armed man who frustrated Napoleon s ambitious maritime plans for the subjugation of England, who is to sailors what Napoleon is to soldiers, who represented in his person all that sea power meant when the very existence of our forefathers was threatened in the latter days of the eighteenth century and the first half-decade of its successor, must ever appeal to those for whom Great Britain means something more than a splash of red on a coloured map. I do not wish to suggest that his fame is insular. On the contrary, it is universal. Other lands and other peoples share in our admiration of him. We must not forget that it was an American naval officer, Admiral Mahan, who first gave us a really great book about this truly great man. In his Life of Nelson, we have the hero s career reviewed by an expert whose knowledge of tactics has not blinded him to the more romantic aspects of Nelson s forty-seven years of life. Before its appearance readers were dependent upon the facts and fancies of the biography by Clarke and McArthur, the Memoirs of Pettigrew, or the stirring but often inaccurate pictures of Southey. The seven substantial tomes of Nelson s Letters and Despatches, edited with indefatigable industry by Sir Harris Nicolas, were not compiled for the general public, although they have furnished much material for later historians and must necessarily be the foundation of every modern book on Nelson. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a...
